LETTERS FROM OUR READERS

Letters that should or shouldn't have been written, but you sent them to us anyway!

THE JOY OF JERKING OFF

I read an article on masturbation *("How to Have Handy-Y: Some Great Ideas When You're Taking Pleasure into Your Own Hands")* in one of my Human Sexuality classes at college. It has some interesting information but is not complete in recounting how the cum can be delayed to give the best and longest pleasure.

A word about me: I am 32 years old and have been jerking off regularly for many, many years. I have slowed up recently, but for most of the time, I have pulled off approximately 300 times per year and estimate I have seen my cum spurt about 3,000 times. This is in addition to fucking and having my cock sucked.

Early on, I realized that technique was of supreme importance—and delaying my cum so as to enjoy the superb feeling for as long as possible.

I have always been very hot and into all, or most, kinds of sex, but I preferred playing with my own prick to anything else.

One of my favorite techniques was to stand naked in front of a full-length mirror after I had played with my cock looking at porn pictures. I would slowly pull my cock up hard and shift to various positions to better see my foreskin sliding back and forth and getting lobster red. If I timed it right I could get my cock to stand up near my body-the big cherry head curved in near my belly. God, how I loved to see it. After stop-and-go and various speeds, I would feel the cum surge in my balls. Then I'd pull it and jack it and shoot my big cum load on the mirror.

I was jacking off a number of years before I discovered the "delay" technique. I would get an adult magazine and sit naked looking at it while drinking or smoking (or both).

I would slowly play my cock and when it was hard, play it lightly. After a while, a particularly hot pussy pix would make my jacking more insistent and I would stand and admire the cock that I loved in the mirror-now a throbbing seven inches.

Then I would light a joint and have a glass of wine or a beer. The few seconds that this consumed would make my cock recede a bit. I would resume playing around the head and foreskin while I played and tickled my balls and scrotum. I would gradually get my fist in a tight grip on my cock and slowly jack the foreskin up and down.

I repeated this when I felt close to coming-several times—and at last when my cock would not be denied, I shot my big load. Many guys realize, as I do, that the advantage of jerking off is that your cock is not "buried" as it is in fucking or being sucked, but rather in your hand so that you see the action. Also, you alone decide when to go off.

– Name Withheld, Stockton, CA

EARLY ON, I BEGAN TO REALIZE THAT TECHNIQUE WAS OF SUPREME IMPORTANCE.

DINNER AND A FUCK

Stan, my current husband, and I have been together for almost five years, happily married, no kids, and for the first few of those years of marriage enjoyed some fairly conventional sex. During the last year we talked more and more freely about it and realized that we both had fantasies that we weren't sharing with each other.

We made a pact that we would make an effort to help each other fulfill some of them. We'd start out safe at first, and if that went well, we'd ramp up the excitement level and make our love lives more interesting and fulfilling.

The other night we went out to dinner at a nice Italian restaurant. Before that, Stan asked, then politely demanded, that I put on a short, tight skirt, boots and a sweater. The sweater was the type that most women would wear with a cami or undershirt. It gets cold in Nebraska in November, but the air was refreshing on my bare nipples that were poking through the holes in the sweater.

We warmed up at the restaurant and enjoyed our dinner, but about half way through our meal I saw his face change. He looked at me like he wanted me, no needed me; it's the look that makes my stomach tighten up with anticipation. He told me to flash him right there at the table. We were in the back of the restaurant but it wasn't that big. The bar area was opposite me and as I lifted my sweater, the bartender definitely saw me do it but I didn't see if anyone else had. The guy smiled at me.

Momentarily, I felt like a slut, but looking into his eyes, I didn't care. His look told me that I was his slut, and he wanted people to know it. He told me to do it again, but he also wanted me to pinch my nipples so they were harder. As I found them through the holes in the sweater, I noticed our waitress saw me doing it as she was bringing us the check.

She was a cute brunette with big brown eyes and a big, round ass just like mine. Stan likes big asses and said that was one reason he married me. I found myself attracted to the waitress and stroked my nipples while holding her gaze.

If she didn't look scared, I was going to invite her home with us. When she handed my husband the bill, she avoided looking directly at me. Clearly she was uncomfortable, and probably not open to the idea. My husband paid for the meal, and he was clearly ready to go. When we stood up, I went to adjust my skirt, and he asked me to stop.

We walked out of the restaurant with my skirt riding up high enough to see the bottom of my butt cheeks and my nipples were still hard and pushing through my sweater. I love when he takes control. I never know what he's going to do next, or tell me what to do next and the anticipation makes me so wet.

As we were walking to the car, millions of possibilities ran through my mind but I was not prepared for his next comment. We were parked in a parking garage on the first level. From the car you could see the entrance to the parking garage, office building windows and the street. He looked at me, bit his lip, and tore off my skirt. He pushed me down to my knees and I began to suck his hard cock. I have come to love sucking my husband's dick. It's sensing his body react, feeling his cock push harder and harder against the back of my throat that makes it an experience I like.

He loves to fuck my mouth and he did it then. And for a minute I was afraid my delicious dinner would come back up, but it didn't. Suddenly he picked me up and bent me over with my hands on the car. When he bent me over, I had no choice but I wouldn't have had it any other way. I love it when he fucks me from the back, because I can feel his cock all the way up to my stomach.

THE IDEA OF SOMEONE SEEING US TURNED ME ON EVEN MORE.

My naked ass was in the air and he was pounding into me. We heard a loud engine noise approaching but neither of us wanted to stop. In fact, the idea of someone seeing us with me bent over by my gorgeous husband turned me on even more.

I started to moan. He was screwing me so nice that I came all over him right as a car went by. My husband started to fuck me even harder, pinching my nipples. This went on for a few more minutes, and as I felt another orgasm building with in me. I couldn't

hold it off anymore.

I wanted him to let me cum again. We timed it perfectly as I felt my body explode in waves of pleasure. I felt his hot cum shoot into me, relieving the tension even further. My orgasm lasted for a couple minutes. I was so spent by the end of it that he had to pick me up and put me into the car seat.

When we got back to where we were staying, he made me strip in the elevator and finger myself. By this time, my clit was so hard and swollen from rubbing it that it almost hurt to play with it – but that kind of pain makes me so wet; to the point where it runs down my leg in long thin streams.

The whole time he's pulled his cock out and is rubbing it with one hand and taking a video of me with his cell phone in the other. He said he was ready to cum and I quickly fell to my knees and took it all in my mouth and swallowed. I stood back up, pulled my skirt back up, and went back to flicking my clit as I licked up the rest of his cum off my chin.

Suddenly, the elevator stopped on the tenth floor and a young well-dressed couple walked into the elevator while I was still rubbing myself, but I didn't stop. They watched intently as my fingers disappeared into my pussy and made a sexy sloshing noise that turned everybody on.

Stan didn't even have to tell me to keep going, and they surely didn't mind watching. When we reached our floor, I exited the elevator and pulled my skirt all the way off and ran down the hallway to our room with my ass bouncing. Stan was right behind me!

– Holly H., Lincoln, NE

SO NEIGHBORLY

Me and my neighbor grew up together. After college, she got married and a couple years later came back to the neighborhood house with her husband and they settled in and made it their own. She seemed happily married but her husband was always at work and when he got home he ignored her and she finally kicked him out of the house.

Anyway, I noticed that she would always kiss me on the cheek when I would say 'Hi.' And I also noticed her nice round bubble butt and her big tits like melons. One time I saw her getting home with groceries and I offered to help her. She was so thankful. She was wearing work out pants and a really tight white T-shirt.

So she offered me water and I said "Yes, please." She comes and sits next to me and hands me the water and puts her hand on my crotch. I didn't know what to say, only that I wanted her. She stood up and took her clothes off and said "Fuck me everywhere in this house," so we started in the living room she gave me head like no other. Sucked on it like a ice cream cone. She deep throated me and chuckled and left my dick covered in saliva. Then we went to the shower and did her there.

Then to her room, both of us naked where she sucked my nuts then my dick. I fingered her and let her ride me. I kissed her on the neck and breasts while she rode my dick, her ass bouncing, her screaming. Then I fucked her doggie and she cried out for more. I kept pounding it, but she wanted even more, so I banged harder and faster. We became a bit sweaty but we both got more turned on, so we 69'd and ate each other out.

She sucked me up good and I cum in her mouth while she sucked. It felt like she sucked all the energy out of me. Up to this day we fuck drunk and she likes my cock so much that I visit her and she's always ready to give me head. We are still neighbors, both re-married, but we still find time to screw each other.

– Tracy G., St. Paul, MN

amirah

When we went to shoot Amirah, we offered to bring an actor with us to do a scene. She insisted that there would be more to see, and it'd be easier to see without one. With dildo in hand she was raring to go, and when she got started, we realized how wrong we were. A few pant tents were pitched on that hot day.

BOB-BLAIR

victoria

Victoria just got home from a modeling gig and she is horny as hell. Suddenly feeling the urge, she started rubbing her full breasts and perfect nipples. This only made her more horny, so she slipped off her panties and gave her nice wet pussy a good rubbing. Her man heard her moans and came out to see why.

Route 69: The Road to Better Sex Mastering the art of the 69, deep-throat blowjobs, and more

Let's put aside our usual kinks and consider instead one of the oldest aversions, the 69.

Some fans claim the practice is the ultimate configuration for sex, because it produces the most reliable stimulation and the most explosive sensations for both partners.

To do the 69 effectively, Ernie and Maryann—each of whom is quite adept at the art of oral sex—explain how it's done (I know because I watched. They're both exhibitionists).

Typically Maryann is on her back while Ernie crouches over her on his knees and elbows. Their heads are at opposite ends of each other, his face in her crotch, sucking slowly at her swollen, pink labia. Her hands play with his penis, which dangle half-hard above her face, as she nibbles tightly at the insides of his thighs while pressing her pubic mound against his chin.

He slips one thumb and his Index finger into her vagina, causing her to moan, which in turn seems to cause his erection to grow. She takes it in her mouth, licking and sucking excitedly. As his stiffening penis explores the depths of her throat, she arches her neck and opens her throat to accept It.

As it slides further In, Maryann is suddenly aware of another entry being made, this time into her ass, by Ernie's lubricated finger. This triple penetration has the expected effect—in his mouth, her swollen clit retracts in ecstasy and her heart pounds as her orgasm explodes through her system.

Ernie feels the muscle spasms clenching around his thumb and gently withdraws his penis from her throat. She gasps for air, breathing greedily, then just as greedily replaces his penis in her mouth and throws her head back again. With long, slow strokes he fucks her face, his butt clenching with every thrust. Even so, his asshole is as vulnerable to her index finger as hers was to his. As he pulls out, her finger slips in, twisting, as does his in hers. The sharing of that experience catapults them both into orgasm, him down her throat, and hers around his thumb and index finger.

Moments later, realizing that he's still hard and that they're both still horny, he twirls around crabwise, tracing ends so they can fuck while licking the juices off each other's faces. They continue like this for what seems a like a long time, sweaty bodies writhing together, and each eventually may have another climax. Generally, they fall asleep in each other's arms and wake up snuggled together in the morning. They're anything but strangers.

BLAIR-NTS-09

Strangers don't usually do such things to each other.

Although the invitation, "Let's go somewhere and suck on each other" might be a properly off-hand way to express your interest at a swing party, studies show that in most situations mutual oral sex seems to be reserved for those who know each other well and are quite comfortable with each other.

By contrast (except at some swing parties, where oral genital expertise Is a great way to make friends out of strangers), the vast majority of first encounters are concerned exclusively with genital sex, featuring occasional excursions into oral as foreplay, but seldom as an end in Itself and almost never mutual and simultaneous. It is only when two people have had repeated experience with fucking each other that they turn their attention to the delights of oral sex.

Interestingly, this behavior has a parallel in primate studies. Male and female cage mates who have lived together for some time are frequently observed stimulating each other's genitals with their mouths before and sometimes Instead of engaging in copulation. When presented with new partners, however, the pattern is to skip oral sex and go straight to fucking.

The warm and slippery feeling enjoyed by the cock when a mouth is licking, sucking and nibbling at it is remarkable similar to the warm and slippery feeling enjoyed by the clitoris and labia when a mouth is licking, sucking and nibbling at them. At least so I'm told. Obviously, sucking and licking need not be limited to cocks and clits. Ball sacs, pussy lips, and assholes enjoy being sucked on too. Likewise, there's no rule that requires lovers to use only their mouths in this enterprise. Helping hands are perfectly permissible, as are vibrators and whatever other equipment you care to use for creating pleasurable sensations. Lips, teeth, tongues, chins, the tip of the nose, all of these can be involved in pleasure giving.

The mouth is the most versatile of all the human orifices and the only one which contains a built-in organ of penetration—the tongue-as well as being the only one which is any good at all at sucking. Although oral sex is sometimes referred to as a blowjob, actual blowing is not a recommended practice. There is some danger of causing serious damage to a woman's interior plumbing if you blow air into her vagina.

Beyond the mouth lies the throat, which can be "trained" with a bit of practice to accept a gently thrusting penis. This last technique goes by the name of "deep-throating," derived from the title of an ancient porn flick Deep Throat. Countless women watching Linda Lovelace swallow the love sword have exclaimed, "I could do that!" and then have thrown back their heads and tried It.

Deep-throating is easy enough to learn. The throat does not have to be taught to swallow, but must be taught to ignore the gag reflex. The training technique the same as for circus sword-swallowing: an inch at a time and constant practice.

Bananas are the traditional practice swords in this art because they are the right shape, not hard

enough to do damage, and easily digestible if you swallow some of it (peel it first). Throw the head back to straighten the passage into the throat, take a deep breath to help dislodge it in case the tip breaks off, then insert the banana as far as it will comfortably go and hold there for a few seconds. Once the throat has become accustomed to this degree of penetration and will accept it without gagging, insert it further and repeat the process. With sufficient practice, the throat penetration becomes not only comfortable, but pleasurable.

In the 69 position, many women find deep-throating easiest to do with the man on top. He shouldn't pin her down with his body, but should support his weight on his knees and elbows so she has room in which to maneuver and find the position that allows the most comfortable entry into her throat. In some positions, she will find it possible to breathe around the penis, but she should not be forced to find out how to do this the very first time. She should be in control of the force and degree of penetration, guiding his thrusts with her hands as he fucks her throat gently five or six times before withdrawing so she can breathe.

One of the reasons 69 is so exciting to many of the people who practice it—and more reliably exciting for some than any other position—is that it stimulates the sense of smell by bringing each partner's nose into the other partner's most erogenous zone.

This is the part of you which, even immediately after you've bathed, smells more like you than any other part of your body. Some people, of course, generate stronger odors than others. Similarly, some people prefer stronger odors than others. It is a mistake to assume that everybody wants his partner to be squeaky clean for sex; for many, super clean is a turn-off. I have one fairly regular partner who would prefer I save my shower until later because she likes the way my crotch smells after it's had a chance to ripen.

Remember, strong smells are not necessarily offensive to a given individual. So check with your partner before you try masking your natural odors with chemical deodorants or strong perfumes.

In the real world, 69 is just another way of sharing sexual pleasure, a configuration of bodies which allows them to suck on each other at the same time. It can be used as foreplay or engaged in for its own sake. It can result in orgasm for one or both partners, although neither partner is required to come. Likewise, neither partner is prohibited from having an orgasm during 69. Most practitioners agree that it's unrealistic to insist on simultaneous orgasms in this or any other position, although it's awesome fun when it happens.

Furthermore, 69 is just as good after fucking as it is before. Better, some claim, because the genitals of both partners are then slick with each other's juices. Once you develop a taste for it, the simple gesture of licking each other clean can easily lead to another round of fucking, which, ***for the multi-orgasmic, can result in more orgasms for both of you.***

april & mika

April drove over 50 miles to her friend Mika's house warming, when she found out they'd be shooting a hot sex scene. They met only a few months ago on another set and became instant friends but had not done a scene together. Hellos turned into hot steamy kisses, and kisses turned into, well, you know.
